

FFT Aspire In-School Training Options

Did you know that FFT can deliver training sessions at your school, for your local cluster, MAT or chain?

Our in-house sessions will explain how FFT Aspire can help raise pupils' achievement through self-evaluation and target setting.

The sessions will also look at the importance of developing teachers' data literacy throughout your school.

The options include

- Presentation-led sessions
- Hands-on half day sessions working with your own data
- Bespoke full day; half day or twilight sessions outside of school hours.

Understanding FFT Aspire

This two-hour, **presentation-led session** is ideal for school colleagues who are either new to FFT Aspire or who have little experience of the system. Participants will learn how to navigate around the full suite of FFT Aspire reports and look at key attainment and achievement measures. They will see how to interpret school, subject and pupil level data. The session will also look at how to set targets or expectations against a range of national benchmarks.

Suitable for groups of up to 50 max.

Available for KS1, KS2 or KS4. £690 + VAT.

Getting to grips with my FFT Aspire data

This is a practical, half-day, **hands-on guided session** in which delegates will explore their own school's data using Aspire. Delegates will learn how to access and navigate their way around the full suite of FFT Aspire reports – self-evaluation, target setting and student explorer. The course will look at the key attainment and progress measures, how to interpret the school's subject and pupil level data and practice setting targets or expectations against a range of national benchmarks.

Suitable for groups of up to 15 max.

Available for KS1, KS2 or KS4. £999 + VAT.

This course can be delivered as 2 x 2-hour twilight sessions, separated by a school-based task. Schools may find this a more effective model for training. The cost for this option would be £1,149 + VAT.

Making ASP ASpire-ing!

This is a practical, half-day, **hands-on guided session**, in which delegates will explore their own Aspire data alongside the DfE's Analysing School Performance (ASP) system and their Ofsted data dashboard (IDSR).

This session looks at how Aspire can be used in conjunction with ASP and IDSR for a comprehensive, enhanced view of school performance and self-evaluation.

Schools will need to provide the trainer with a copy of their ASP and IDSR in advance.

Suitable for groups of up to 15 max.

Available for KS2 or KS4. £999 + VAT.

This course can be delivered as 2 x 2-hour twilight sessions, separated by a school-based task. Schools may find this a more effective model for training. The cost for this option would be £1,149 + VAT.

Understanding the FFT School Dashboard for Governors

This two-hour **presentation-led session** will look at the FFT School Dashboard for Governors and School Leaders. The dashboard provides a range of information in a clear and meaningful way to help governors monitor the performance of their school, enabling them to support and challenge their school leadership. Delegates will work from their own school's dashboard, providing them with a view of the school's performance instantly. This will help them to highlight issues and celebrate successes with their leadership team.

Suitable for groups of up to 30 max.

**Available for KS1, KS2 or KS4.
£690 + VAT**

Developing Subject Leadership in Primary or Secondary schools

This half day **hands-on session** for either Primary or Secondary school subject leaders will guide delegates through each area of Aspire to demonstrate how it enables a thorough analysis of each subject – including the performance of the subject as a whole, the performance across a number of years, of individual pupil groups and of disadvantaged pupils.

Suitable for groups of up to 15 max.

Available for KS1, KS2 or KS4. £999 + VAT

This course can be delivered as 2 x 2-hour twilight sessions, separated by a school-based task. Schools may find this a more effective model for training. The cost for this option would be £1,149 + VAT

Bespoke Training

Should you have specific requirements FFT are also able to deliver bespoke in-house training. Our events team will liaise with you to put together a session looking at the particular areas of interest to your school. We can also adapt any of our scheduled courses for delivery in-house. For further information, please contact events@fft.org.uk.
